The PITT OHIO Transportation Group Announces Acquisition of Sutton Transport

Pittsburgh, PA (January 6, 2025) – The PITT OHIO Transportation Group with annual revenues of \$909 million in 2023 and comprised of Pitt Ohio, Dohrn Transfer, Ross Express and U.S. Cargo, is pleased to announce that as of January 1, 2025, it now owns Midwest Less-than-Truckload (LTL) carrier, Sutton Transport, which had annual revenues of \$123 million in 2023.

This strategic acquisition marks a significant milestone in the PITT OHIO Transportation Group’s continued growth and commitment to excellence in the transportation industry.

Chuck Hammel III, President of PITT OHIO Transportation Group, stated, “This acquisition aligns perfectly with our strategic vision to enhance service for our customers by increasing shipment density within our footprint. Sutton Transport has a strong reputation for excellence, cultivated over many years of the dedication and hard work of the Sutton family.”

In the short term, Dohrn Transfer (also a Midwest LTL carrier) and Sutton Transport will operate separately. Eventually, they will integrate into a single operating company, Dohrn, LLC, enhancing service, safety, technology, and customer service. This integration will be carried out in phases, ensuring a seamless transition for customers and employees while maintaining efficient, reliable, and damage-free deliveries with advanced tools for better visibility.

With this acquisition, the PITT OHIO Transportation Group will become the latest LTL to exceed annual revenue of \$1 billion. SJ Consulting Group, Inc. acted as an exclusive strategic advisor to PITT OHIO and Satish Jindel played a key role in the consummation of the transaction.
